### Summer Holiday Special Edition

#### How Does Our School Community Celebrate The Summer Holidays?

By Anoushka M 3/4H

In our school community, we do many different things over the summer holidays. Lots of students go on holidays all around Australia - and the world. Some fab places that people from our school like to visit are Thailand, Sri Lanka, Brisbane, Inverloch, Torquay, South Africa, and Phillip Island. Avni from 3/4 says that she is really looking forward to going to Dubai this summer.

Lots of people also like going to the beach. Emma from prep says "I love going to the beach and paddling around with my pink pool noodle". Students and teachers like going to beaches around the world while they're on holiday, or just in Melbourne if they're not going anywhere too far away. Carol, our school chaplain, says that she loves going for a long walk along the beach.

Lots of students and teachers, along with their families, also love having Christmas parties, giving out gifts, and decorating big Christmas trees. Some people go to church to do prayers, while others gather round for Christmas lunch and a few rounds of cricket. Lots of students, like Vaani from 1/2, write letters to Santa Claus, and wake up on Christmas morning to find presents under the tree. Not everyone celebrates Christmas though. And that's ok.

However, I know one thing that I'm sure everyone loves to do on the holidays. And that's spending time with family. Whether it's singing and dancing to your favourite songs, playing video games, eating lunch together, or just having tea, everyone loves quality family time. Lots of people go and visit their grandparents and cousins, while others might just go to the park with their mother. Miss Weller, who teaches 3/4, says that she spends Christmas with her extended family, opening gifts and eating lunch together.

But then there's sport. While some, like I mentioned before, play cricket in their backyard, others might play lacrosse at the park with their friends, or play volleyball for a club, competing against others. Asher from 5/6 says that on the summer holidays she's going to play in her netball finals.

Lots of people also like to just laze around, watching TV, playing video games, sleeping, and just relaxing at home. I know I do. Miss Karlsson who also teaches 3/4 likes to do this with her 2 kids and 2 dogs.

I hope that this article has helped you learn more about all the different things that our school community does over the summer holiday.

## Summer Holidays

By Zofia F 3/4K

Normally on the Summer holidays, I go somewhere nice to spend some quality time with my family. Usually, we go to Phillip Island with the whole family to spend Christmas; this year I am going to spend Christmas with my family and my grandparents. Normally, what we eat on Christmas in Poland is: Pierogi, a type of dumpling, Barszcz, a soup that includes beetroot and much more filling food. In Poland at Christmas it is cold because they are in winter and, obviously, winter is cold. After dinner we all have to help clean the dishes, because in my family, Christmas dishes are not a one man job.

MWVPS, On the summer holidays you can celebrate christmas. Christmas is special to me because we get to snuggle up together, have yorkshire puddings and have lamb roast! Christmas is the best celebration ever.

## Holidays are great!

By Alistair 3/4W

My summer holidays are looking pretty good. Most of the time I game with my father, and sometimes I go away to other countries. Last year, I went to France and this year I went to Mauritius. Next year, we have planned a holiday on a cruise ship. I'm going to do the coastline of Italy on this 5 star rated boat! But this summer holidays I will be playing racing and building games with my dad, but I normally play Minecraft by myself.

Dear Mount Waverley North community,  
My name is Sonya and I am in year 1 in 1/2C. I am looking forward to the school holidays, I will be going camp with my friends and family we will be celebrating christmas at camp with a small christmas tree and light I will be going back at christmas day and opening presents

## Holiday Suggestions

By Tisyak B 3/4R

The summer holidays are something many people, if not all, either go out on vacation, celebrate a religious event; this includes Holi, Diwali, and Christmas, or even just relax in the comfort of your house. However, many agree that in the hot, sunny period, it's best to take it easy and go out on a holiday; a few recommended places are Sydney, Paris and even the Bahamas.

This is how I would plan a holiday to Sydney:

- When you arrive at Sydney you should get into a resort that will benefit your requirements (it is best to pre-booked this to get a competitive price)
- If you arrive in the morning you can start to explore a little, try to finish an activity from the below. However, if you arrive at night then you start your day next thing in the morning.
- Ensure that you have packed all necessary essentials that you need, such as clothing, toiletries, money and phone.
- These are some of the best tourist attractions in Sydney – The Harbour Bridge, The Opera House, Bondi Beach and the Sydney Tower Eye. There are also many great parks, art galleries and museums to visit.
- Only a short drive out of Sydney and you can be in the beautiful Blue Mountains.
- Don't forget to take lots of photos and collect some souvenirs to remember to your holiday.

## Summer Holidays

By Sarang K 5/6A and Amelia L 5/6M

Summer vacation is my most preferred time of the year as it gives me a chance to spend more time with my family and go on vacations. This summer I might be going to Sydney and spending the most awesome time ever visiting the Sydney Harbour Bridge, the Sydney Opera House and trying out Sydney's most splendid food. For instance, barramundi, Sydney rock oyster, Australian prawns, avocado on toast, bacon and egg roll, lamington cake, potato cake and yellowfin tuna. However, there might be those many delicious and splendid foods, but thinking about temperatures it can be over 40 degrees. Since it is over 40 degrees and high temperatures remain, students can enjoy this time and go over to the beach or stay home and relax with the air conditioner turned on. Anyways, Summer vacation is the time period when schools and other shops are having a break. These scorching summer days kids often go out to swim, water parks, cinemas or even theme parks.

The first thing that strikes one's mind on hearing the word "summer" is that of vacations. As exciting as it may sound, selecting the best summer holiday destinations in the world for a perfect vacation, is a tedious task in itself. That is why we've done the homework for you and collated the best of top summer holiday destinations which will turn your international trip into an epic experience. From budget to luxurious places, you will find several options to choose from. We have covered it all – North, South, East & West. Summer vacation is the most awaited time of the year in the lives of students. It gives them the opportunity to take a break from their daily routine, relax and enjoy their time with family and friends. Every year, students eagerly await their summer vacations with the hope of doing something worthwhile that liberates them from the monotonous and regular routine of school and studies. Holidays are an incredible time for us to visit hilly destinations with the family. The summer season is an excellent time for us to take stress-free excursions and get close to nature, which we are unable to do in our busy schedules for the entire year. It gives us the chance to explore new things and enjoy every moment. Most kids like to play some form of sport like badminton, football, cricket, netball etc. during the summer break. During this season there are many fruits which can be enjoyed only in summer. These fruits help to make the summer holiday more interesting, drinking fresh fruit juice and drinking fresh fruit in the body produces energy in the body. Everyone plans something for the summer holidays. Especially kids who start making new plans a few months in advance to make their summer holidays exciting. The summer holidays are a great relief for everyone, that's why everyone tries to make it memorable. The purpose of summer vacations is to give the students a little rest from the yearly workload. Everyone usually has their own way of spending the summer vacation, but most people prefer to go to cold places. Summer vacation gives the students an opportunity to visit new places, increase their general knowledge, and get time to complete school project work. I think the best part of summer vacation is spending time with family and friends but also trying new things. No wonder summer vacation is the best part of your child's life.

### **Things to do during Summer vacation**

Camping, day trips, organize a picnic, explore a new place and so much more...
